Joliet Junior College will be at GSW on *Wednesday, November 4* during 4th hour for seniors to complete their applications at that time.

GSW has been invited to partake in a service by Greentree Plastics to help benefit our own communities called **Caps for Benches**. Located in the cafeteria and the concession stand are boxes with papers for Caps for Benches. Our objective is to collect as many bottle caps, lids, container tops, and more. If we manage to recycle a substantial amount of caps over time, we can then send it to a recycling center where they are crushed and repurposed into solid and customizable decorations such as benches, tables, chairs, and much more. From there, we can then take these products and put them around town or even here at GSW. If we want to achieve this, we'll need your help. If you have any caps or other aforementioned tops that fit certain criteria, you can pry them off and put them into the bins. They won't take all kinds of lids, so when recycling, take a look at the paper on the bins. It will show what kinds of caps you are able to recycle. Non-usable lids may be thrown away. We hope you too can have input on our mission to recycle more, even if it is just bottle caps.
